

# Praying with our experience of Vocation

Our vocation is the way we have been called to live our lives.

It is far more than the way we earn our living. It is what gives us energy and vitality.

In this day of prayer and reflection we will consider our vocations throughout our lifespan. While called in a particular way to live as a young person, as we grow older, we may be called in another direction.

There will be some structured input about vocation and shared prayer and time for silent contemplation.

Please join us at the House of Prayer on **Thursday 15 August 9am-3pm.**

**\*Please bring your lunch.**

Suggested donation is \$10-\$20.

**To register please contact the House of Prayer.**
